ECONOMIC IMPACT STATEMENT (CONTINUED)

В.	ESTIMATED COSTS Include calculations and assumptions in the ru	lemaking record.	
1.	What are the total statewide dollar costs that businesses and individua	als may incur to comply with this regulation over it:	s lifetime? \$ 10,588,204 (10 yrs)
	b. Initial costs for a typical business: \$ 716	Annual ongoing costs: \$ 1,873 Annual ongoing costs: \$ 2,809	Years: ongoing
		Annual ongoing costs: \$ 0	
	d. Describe other economic costs that may occur: A larger number	ber of consumers may delete or opt-ou	t of sale/sharing of their
	personal information, which reduces how much PI a data I	oroker has to sell; however, this is a statuto	ory cost to impacted businesses.
-	If multiple industries are impacted, enter the share of total costs for ea	set industry. Only data brokers of Californ	nia consumer's personal
۷.	information are impacted by the proposed DROP reg		na consumer s personar
2	If the regulation imposes reporting requirements, enter the annual cos		co roquiraments
	Include the dollar costs to do programming, record keeping, reporting, an		
1.	Will this regulation directly impact housing costs? YES	NO	
	If YES, enter the ar	nnual dollar cost per housing unit: \$	
		Number of units:	
5.	Are there comparable Federal regulations?		
	Explain the need for State regulation given the existence or absence of	Federal regulations: Regulations are neede	ed to implement the
	California statutory mandated accessible delete mechanical	hanism (ADM) .	
	Enter any additional costs to businesses and/or individuals that may be	e due to State - Federal differences: \$ None	
	ESTIMATED BENEFITS Estimation of the dollar value of benefits is r		couragea.
1.	Briefly summarize the benefits of the regulation, which may include an health and welfare of California residents, worker safety and the State'	nong others, the Is environment: Data brokers of California	n's PI will benefit from clarity
	about how to comply with the mandated ADM; cons		
	sharing or sale of their personal information.		
2.	Are the benefits the result of: $\overline{\times}$ specific statutory requirements, or	goals developed by the agency based on broa	ad statutory authority?
	Explain: Existing California law mandates that data brok	_	
			misumer deletion requests.
3.	What are the total statewide benefits from this regulation over its lifeti	me? \$ Unknown	
4.	Briefly describe any expansion of businesses currently doing business	within the State of California that would result from	n this regulation: Unknown.
	Some data brokers and IT consultants may expand the	neir businesses within California due to	the proposed regulations.
D.	ALTERNATIVES TO THE REGULATION Include calculations and a specifically required by rulemaking law, but encouraged.	ssumptions in the rulemaking record. Estimation o	of the dollar value of benefits is not
1.	List alternatives considered and describe them below. If no alternative	s were considered, explain why not: One altern	native considered is the
	requirement to use an Application Programming Int	erface (API) to access and report infor	mation. A second alternative
	considered was use of manual uploads/downloads o	f information. Proposed regulations a	llow use of either option.
